UCRIVERSITY OF CALIFORNIA

America's Fastest-Rising Ranked University

UCR.EDU

Location	Time	Organi	zation	Presentation Title & Description		
Main Street Between 9th and University Ave.	5PM - 10PM	University of California Riverside	Molecular, Cell and Systems Biology	Electronic Cigarettes 101	Our research focuses on tobacco-related diseases and stem cell biology. We investigate the toxicological effects of nicotine, thirdhand smoke, and electronic cigarettes on human health and prenatal development. By utilizing a "toxicology-in-adish" approach, we can evaluate the cytotoxicity of chemicals in high-throughput screens. In addition, we are studying the susceptibility of human embryos and fetuses to SARS-CoV-2 infection using stem cells and their derivatives.	
Main Street Between 9th and University Ave.	5PM - 10PM	UC Riverside	Molecular, Cell & Systems Biology	UCR Stem Cell Center and Core Facility	To educate the Inland Empire community on stem cell research being conducted at UCR and other local campuses.	
Main Street Between 9th and University Ave.	5PM - 10PM	UCR Brain Game Center	Psychology	Demonstrat ion of Brain Games	Demonstration of brain games developed by our lab.	
Main Street Between 9th and University Ave.	5PM - 10PM	University of California, Riverside	Earth and Planetary Sciences	UCR - EPS	Exhibits on earthquakes, faults, planets, climate, fossils	
Main Street Between 9th and University Ave.	5PM - 10PM			UC Riverside Advanceme nts in Biology Research	Interactive family and children's activities sharing fun facts about animals and plants around Riverside, with an emphasis on current research at UCR.	
Main Street Between 9th and University Ave.	5PM - 10PM	University of California, Riverside	Physics and Astronomy	UC Riverside Astronomy	Exhibit includes first images from the James Webb Space Telescope, supercomputer simulations of dark matter and galaxy formation, and telescopes set up for moon observing (visibility permitting).	
Main Street Between 9th and University Ave.	5PM - 10PM	University of California, Riverside	Physics and Astronomy	UC Riverside Physics	Watch the sound of music, listen to magnets, follow particles in cloud chambers. Physics in fun experiments.	
Main Street Between 9th and University Ave.	5PM - 10PM	University of California, Riverside	Physics and Astronomy	The magic of magnets	Magnets can do more than hang on a fridge door: music and data, wireless communication, quantum information	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	СВИ	Music	Collegeum Musicum	Group for 9 musical showing of Renaissance Music.	

Location	Time	Organization		Presentation Title & Description		
Main Street Between University Ave. and Mission Inn Ave.	5:15pm - 5:45pm	Dance Studio	Art	J3K Dance Company	J3K Dance Company is a local studio that provides more than a place for kids to dance, but a place for them to grow as individuals. Main Street Between University Ave. and Mission Inn Ave.	6:45 - 7:15	Riverside City College	Music	Jazz Ensemble III Concert	Concert performance of modern jazz music by a jazz ensemble	
Main Street Between University Ave. and Mission Inn Ave.	7:30-8:00	Riverside City College Coil School for the Arts	Music	Jazz Ensemble Performanc e	Concert performance by big band of modern jazz.	
Main Street Between University Ave. and Mission Inn Ave.	8:15 - 8:45	Riverside City College	Music	Jazz Ensemble II Concert	Concert presentation of modern jazz by a jazz ensemble.	
Main Street Between University Ave. and Mission Inn Ave.	8:50pm- 9:20pm	Les Folies Rouge	Dance	Les Folies Rouge	30 minute Steampunk Cancan Performance	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	Engineerin g	CBU Engineerin g Freshman Showcase	CBU's 1st-year engineering students will be presenting on preliminary design projects for their introductory course, which includes visual game design, high-speed cameras, and more.	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	Engineerin g	CBU ChEBE	CBU's department of chemical engineering and bioengineering will be presenting several student design projects.	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	Engineerin g	CBU CSDS	CBU's department of computing, software, and data sciences will be presenting several student design projects.	

Location	Time	Organiz	ation	Presentation Title & Description		
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	Engineerin g	CBU ASME	CBU's ASME (American Society of Mechanical Engineering) student chapter will be presenting a model drone.	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	Engineerin g	CBU ASME	CBU's ASME (American Society of Mechanical Engineering) student chapter will be presenting a model drone.	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	Engineerin g	CBU SAE	CBU's SAE (Society of Automotive Engineers) team will be presenting two vehicles that have been built for formula racing competitions.	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	Engineerin g	CBU ASME	CBU's ASME (American Society of Mechanical Engineering) student chapter will be presenting a model drone.	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	Engineerin g	CBU ASME	CBU's ASME (American Society of Mechanical Engineering) student chapter will be presenting a model drone.	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	Engineerin g	CBU CoE info and industry engagemen t	General resources and information table on The Cal Baptist College of Engineering.	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	Riverside STEM Academy	Robotics club coach	FIRST LEGO League 2022 Competitio n	Teams are forming around the Inland Empire in preparation of this year's FIRST LEGO League competition. I will present an overview of the game, describe the area teams and closest competitions this year, and answer questions about forming teams in the future.	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	BOURNS / STEP		STEM- tastic Future	Interactive demonstration of science and technology	
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	College of Health Science	TBD	The presentation will either include our PA students conducting blood pressure checks, AT students performing demonstrations on how to wrap sprains, and potentially other grad programs who are available to attend. It is difficult to definitely say exactly what our presentation will be but we plan on making it both interactive and educational.	

Long Night of ARTS & INNOVATION

BOURNS®

Bourns, Inc., is a leading manufacturer and supplier of Trimpot® trimming potentiometers, position and speed sensors, circuit protection solutions, magnetic components, microelectronic modules, panel controls and resistive products. Headquartered in Riverside, California, USA, Bourns serves a broad range of markets, including automotive, industrial, consumer, communications, audio and various other market segments. Additional company and product information is available at:

www.bourns.com

Location	Time	Organi	zation	Presentati	on Title & Description
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	Globe Biomedical (blinkframe s.com)		Blink Frames - 'Fitbit' For Your Eyes	Hear the story of a Riverside- based startup developing smart eyewear for eye health tracking. See the latest products and talk to the founders and engineers. Blink is developed by Globe Biomedical, a spinout of a Biomedical Engineering lab at CBU.
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM	California Baptist University	College of Architectur e, Visual Arts & Design	College of Architecture, Visual Arts & Design	College of Architecture, Visual Arts & Design - Activities and wares for sell by our programs.
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM			California Citrus State Historic Park	Sharing information about the California Citrus State Historic Park and the Friends of California Citrus Park
Main Street Between University Ave. and Mission Inn Ave.	5PM - 10PM			Riverside Food Co-op	A Member-owned grocer. Membership is open to any resident of California. Democracy governs the co-op, one Member, one vote. Members sustain the business with their equity and patronage of it, and enjoy material benefits of ownership.
